

Rental Guide to Beach Club 160

Beach Club 160 is a condominium Association made up of 160 separate condominium units. Each owner is a member of the association and has a share in the common elements of the association. These include parking lots, breezeways, stairs, pool, spa, clubhouse, dumpsters, workout room, laundry, and all exterior landscaped areas. The interior space of each condominium unit is the exclusive property of the unit owner. Porches and patios belong to the association but owners of the units they are attached to have exclusive use of these spaces.

When you rent a condominium at Beach Club you are renting the owners share of these common elements, the interior space of the unit and the exclusive use of the patio or balcony. This rental is contingent upon the compliance of the written rules and regulations of the Beach Club 160 Condominium Association. We have included these within this rental guide.

Owners of the condominium pay a fee or assessment to the association monthly for maintenance of the association's common elements listed above. Space Coast Property Management (SCPM) collects these fees and attends to the maintenance of the common areas. This service does not extend to the interior of the unit for problems you may have with your rental unit's appliances, heating, and air conditioning; lighting, and plumbing fixtures or other components. Please see your unit owner for assistance with these issues.

Finally, the Beach Club requires leases approval for all renters. If you have signed a lease without lease approval you are subject to eviction by the association. Please contact SCPM at 321-733-3382 if you are unsure whether your landlord has received a lease approval from the association in writing for your specific lease.

Did you sign a Lease Addendum?

The Beach Club lease addendum is a three party lease addendum signed by a tenant, owner, and the Association that protects all parties. It requires owners to instruct tenants of the association's rules and regulation. It requires tenants to govern their actions according to the association's rules and regulations and finally it provides for the owner to pay their maintenance fees to the association or for the association to collect them directly from the tenant. If you have not signed The Beach Club lease addendum or *your* landlord has not signed The Beach Club lease addendum, the association may seek to evict you from the property.

In order to obtain a lease approval from the association an application should include a signed lease between the owner and the tenant that includes duration, and monthly lease fee. In addition, a completed Beach Club lease addendum must be included in the application. Once reviewed by the Board, the association will send an official approval to the unit owner.
